

# Build A Vet A Guitar

July 16-17  
9-5 each day

Hosted by  
The Wild Earth Woodworking  
School  
George Vondriska

Mission: Guitars For Vets (G4V) provides six free private lessons and a new acoustic guitar to military Veterans at VA medical and community based Vet centers. The private lessons are then followed by group sessions that provide a forum in which community is fostered. The focus is the healing power of music. [www.guitarsforvets.org](http://www.guitarsforvets.org)

Be a part of starting up the Minneapolis G4V chapter by helping us build 20 guitars at this two day event. Even if you've never done woodworking or guitar building before, you'll be able to help out.

Take advantage of this event to learn more about G4V and how you can help the organization. Cash donations for the G4V will be accepted.

Are you a musician? Bring your instrument and participate in our Open Mic tent. Got a guitar you no longer play. Bring it along and donate it to G4V.

**The Wild Earth School is located at**

924 County Road N

Hudson, WI
